RE: North Wales Borough Planning Commission – 2016 Annual Report of Activities

In 2017, the Planning Commission plans to focus on several key points as follows:

- Continue to participate in and contribute to the Borough Comprehensive Plan Update process.
- Continue to provide recommendations to Borough Council for Land Development reviews, by providing an emphasis on the importance of:
  - Real justification for variances (e.g. a true hardship proven by the applicant).
  - Developer-provided infrastructure as part of land development projects (new curbs, sidewalks, street trees, etc.).
  - Developer-provided quality finishes on buildings and homes (e.g. some stone and brick vs. all siding).
  - Providing informal input to Borough residents and businesses as they present sketches, concepts and ideas, prior to their undertaking the land development process.

In 2017, Planning Commission meetings will continue to be held on the first Wednesday of the month at 7 P.M.

Respectfully submitted,

Peter C. Myers, Chairman
