**§ 145-1. Definitions and word usage.**

A. The following words, as used in this chapter, shall have the meanings hereby respectively ascribed thereto:

NUISANCE — Any use of property within the Borough of North Wales, or any condition upon property within the said borough that, other than in-frequently, shall cause or result in: annoyance or discomfort to persons beyond the boundaries of such property; interference with the health and/or safety of persons beyond the boundaries of such property or of persons who might reasonably be expected to enter upon or be in such property; and/or disturbance to or interference with the

peaceful use of the property of others within the borough, in any case taking into consideration the location of the use or condition and the nature and condition of the surrounding neighborhood. Specifically, the word "nuisance" shall include but shall not be limited to the following:

- (1) Operating or moving any vehicle within the borough limits, the wheels or tires of which carry onto or deposit in any street, alley or other public place any mud, dirt, sticky substance or litter of any kind.
- (2) Throwing, placing or causing to be placed or piped any water or other liquid or liquid-borne refuse upon any street or alley or public or private place within the borough. This provision shall not apply to stormwater or rain water that naturally appears and flows across public or private property. The pumping of water from flooded cellars shall be permitted unless the manner of so doing shall create a hazardous condition by the formation of ice or slippery conditions. The pumping of water from earth excavations into any street, alley or public place is hereby prohibited.
- (3) Maintaining any swamp or any pool or pond, whether natural or artificial, in which mosquitoes and/or other insects shall breed. The owner of premises upon which any swamp, pool or pond is located and where treatment is necessary in order to prevent the breeding of mosquitoes and/or other insects shall accomplish such treatment by filling, draining and treating with larvaecide or mineral oil or by some other method approved by the Board of Health.
- (4) Maintaining any property upon which nests of tent caterpillars shall exist. Property owners shall remove and destroy all nests of tent caterpillars as soon as they become evident in early spring, and also shall take all steps necessary to remove the

breeding source and prevent a recurrence of the same.

- (5) Maintaining any property upon which there shall be any leakage or overflow from any sewer pipe, lateral or vent.

**PERSON** — Any natural person, partnership, association, firm or corporation.

- B. In this chapter, the singular shall include the plural, the plural shall include the singular and the masculine shall include the feminine and the neuter.
