Another Opportunity to Serve

In 2014, the local ministerium had the idea for a North Wales Day of Service. What a wonderful idea it was! Volunteers provide services such as: painting, yard clean-up, and cleaning.

I have been fortunate to participate each year and it has always been rewarding.

This year's day of service is Saturday, September 30. For more information email NWDayofService@gmail.com

Even if you are unable to participate this year; there is still something that you can do to help. Please say a prayer for a successful day (and good weather).

Thank you.

Greg
