You Can Help Us Plan for North Wales Borough's Future

By now, most have heard that the Borough is working with the Montgomery County Planning Commission to update its Comprehensive Plan. We are calling it *North Wales 2040*.

In order for any comprehensive plan to be successful it needs as much input as possible from the residents and business owners. One of the ways we are compiling that input is by asking folks to complete a brief (but important) survey. The deadline is February 28.

When you first came on the Borough's website you probably noticed a link to the survey. Please, if you haven't already done so, take a few minutes and complete it. In addition to the typical questions and ratings, there are places for you to write your own comments. I can assure you that these comments will be taken seriously and will be a part of the analyzed information.

Please ask your friends to complete the survey, too. If they don't have access to a computer, they can pick up a hard copy at the Borough Office and the Library.

This Comprehensive Plan is vital to the future of North Wales Borough and your input is vital to the success of the Comprehensive Plan.

Thank you.

Greg
