

Vendor Bingo

Doors open at 12:00 games start at 1:00

Pay \$5.00 to get in and receive 1 Free card to use for any game except the last round and a list of vendors and the color they are.

As you walk in, they will ask you who are you there to support, some people will be there for the vendors; we are to say for North Wales or my name – Lisa Foster - and they will keep a tally of how many people came to support us.

After entering in you will then visit each vendor's table and decide if you would like to play for this vendors' products (each vendor must give away a \$40.00 prize)

The vendors are set up in game order, so as you enter Vendor 1 to your left would be game 1 and so forth around the room. Each vendor has a different color bingo card that you can purchase if you choose to play for their product. \$1.00 for 1 card and \$2.00 for 3 cards. (each card has 3 games on them) some vendors will have raffles too at their table of another product.

The vendors will also have things on sale for you to look at and purchase if you would like.

The last table will be our table and we as in North Wales will have a \$10.00 cover all bingo cards for sale. Our prize will be a basket which has a \$10.00 product from each vendor. Each vendor must make this donation to our basket, so who ever wins our basket will be getting \$200.00 worth of products.

North Wales gets to keep the \$10.00 for every card purchased.
We will also have raffle basket and a 50/50

Food will be available for purchase as well.
