January 20: Chinese New Year Paper Lanterns: celebrate the Chinese New Year with this fun, festive activity.

February 17: Illuminated Letters: Using your initial, create a decorative piece of art based on medieval manuscripts.

March 16: Foam Printmaking: an easy way to create original prints. A great intro to printmaking.

April 20: Earth Day project: Recycled bottles based on Mexican Huichol Art: bring a glass or plastic bottle or jar

May 18: Paper Flowers: due to popular demand, we are making paper flowers. Perfect for spring decorating.

June 15: Native American Medicine Shields: Learn about the meaning of Native American Shields and create your own personal story.

July 20: Kandinsky Inspired Art: Wassily Kandinsky, Russian born artist, is believed to be the “pioneer of abstract art”, and was an Expressionist, using art to express feelings and emotions. This project is based on his ‘Squares with Concentric Circles’ painting: a study on how different color combinations are perceived.

August 17: Paper Molas, based on cotton panels of the Kuna culture in Blas Islands, in the Panama Canal region. Mola originally meant bird plumage, is the Kuna word for clothing, specifically blouse, and these panels have now become a tradable commodity. Usually the intricate patterns are made by using a reverse appliqué technique. Two-seven layers of different colored cotton are sewn together, the design is formed by cutting away parts of the layers. We will use colored papers to recreate these beautiful panels.

September 21: Accordion Poetry Books: bring a haiku or favorite line of poetry to use to create a decorative self standing decorative book.

October 19: Day of the Dead Pumpkins, based on Frida Khalo’s Art. Bring a real or fake pumpkin to decorate!

November 16: Luminaries: Bring a glass container to create a holiday centerpiece

December 21: Mandalas: learn about Mandalas and create your own.
