- **Discussion: Community Garden – Spring Planting Planning**

Discussed watering plan/schedule, including with help from Public Works (thank you!). Also discussed the potential of trimming trees along fence to allow for more sunlight to increase crop yield. Asked borough about this possibility. Discussed plan to raise the

garden beds, including the need for more soil to fill garden beds. Team is willing to help with any tasks related to raising the beds and putting soil in.

Plan for planting in the 3 beds: closest to street will be children's garden with annuals, middle bed will have perennial flowers, furthest back bed will have herbs. Plan to ask Rachel if she'd like to come to kickoff event to teach about composting. We will also try to secure someone to come to speak about gardening, similar to expert who came last year.
