#### **Planning Commission Suggestions for Meeting Time:**

The members discussed three suggestions that they will forward to Assistant Borough Manager Turock:

- The Commission's meeting time remain at 7:00 P.M. for members. If a resident or business plans to bring a request to the Commission, they would be asked to arrive at 7:15 P.M. This would allow the Commission members to arrive and prepare.
- A key to the Borough Hall should be given to the Commission's President to open for the meeting.
- The public microphone should be turned on for the meeting.

#### **Public Review of Borough's Five Year Plan:**

The public review of the Borough's 5-year plan was discussed. It was suggested that September would be a possibility along with the SALDO. A potential meeting with the Borough engineers would be appropriate before that to determine if they have additional suggestions, etc. for their work discussed in the Plan. The Planning Commission's next meeting will involve creating a finished document for public review.

#### **Addendum A: Five Year Review (2025)**

- This document summarizes progress made in implementing the North Wales Borough 2040 Plan (2019) as well as those for future implementation.
- The Commission's review centered around those plans that have been completed thus far and those ongoing and incomplete.
- The question of on-going funding to complete the projects was raised.
- Is it possible to work cooperatively with the North Penn School District to complete the sensory garden at the North Wales Elementary School?
